

Clear Waterways Organization (CWO)

May 18, 2014 REPORT: LOCATE AND CLEAN UP WASTE
CREATED BY HOMELESS AT THEIR ENCAMPMENTS

CWO intends to clean up garbage and human waste illegally dumped by the homeless living at various locations in and around the cities. Upon meeting with the homeless, CWO intends to provide bags for them to dispose of their garbage, and marine port-a-potty units to be emptied weekly, in order to prevent the runoff of this pollution into our waterways. CWO, will provide updates on improvements to this source of pollution.
