

Clear Waterways Organization (CWO)

May 18, 2014 REPORT: ROAD RUN-OFF

CWO proposes to contact, the Department of Transportation, about beginning to educate motorists frequently, to not litter, and to secure loads. CWO also intends to remove garbage from low lying drainages off freeways, highways, and surface streets; flowing toward various drainages in order to prevent run-off garbage from reaching waterways.

CWO, will provide updates on improvements to this source of pollution.
