

CLEAN-UP CALL

by Tim Kirshner

3 – 10 April 2014 – Montecito Journal

The Beach Doctor is looking for many helping hands to sort out the many thousands of pieces of plastic debris off Hammonds Beach in Montecito. Thank you to those who have helped me so far. In one hour, we made an incredible improvement. I cannot describe in words how many bits of plastic there are, and there is a lot of ground to cover. I have the tools and technique. I can be available in the late afternoon on most weekdays and on weekends. My phone number is (805) 252-6261. Call or e-mail, and I will coordinate a schedule with you.

Tim Kirshner

Montecito

(Editor's note: Tim has been spearheading beach clean-ups for a very long time and he is very good at it. Helping him keep Montecito's beaches clean would be a noble use of anyone's time, - J.B.)
